

# Aircraft Ramp Inspections and the New FAA Compliance Philosophy

Lance S. Little, FAASTeam Program Mgr. and Paul W. Downs, FAASTeam Program Mgr., FAA Flight Standards District Office, will perform an FAA ramp inspection. Experience what an FAA ramp inspection involves for small GA aircraft and the new FAA Compliance Philosophy - What it is, why it was adopted and how it is administered. In addition, they will discuss the Remedial Training Program and how the FAASTeam interacts with airmen as a mitigating "fix" to a regulatory deviation.

**Directions:** Anson Aviation is located south of the Sugar Land Regional Airport main Terminal Building.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
